PROPRIETYARY RIGHTS
a. Licensee acknowledges and agrees that the Software, Documentation, and all other related information and materials (collectively, the "Proprietary Information") provided to or made available to Licensee, and all patents, copyrights, trade secrets, and other United States or international intellectual property rights (each, an "Intellectual Property Right") embodied in the foregoing, are the exclusive and proprietary property of Software AG and/or its suppliers. Licensee further acknowledges and agrees that the Software and its structure, underlying concepts, organization, and source code constitute valuable trade secrets of Software AG and/or its suppliers. Accordingly, Licensee agrees not to (a) disassemble, reverse engineer, reverse compile, or otherwise attempt to derive the source code for the Software in whole or in part, (b) modify, adapt, alter, translate, or create derivative works from the Software; (c) merge the Software with other software; (d) sublicense, lease, rent, loan, or otherwise transfer the Software to any third party; or (e) except as expressly set forth in this Agreement, otherwise use, provide access to, or copy the Software.
b. Licensee shall keep the Proprietary Information in strict confidence and use the Property Information solely for purposes of exercising the license rights set forth in Section 1 of this Agreement. Licensee shall restrict access to the Proprietary Information to only those authorized persons with a need to know in order for Licensee to exercise the license rights granted under Section 1 and shall ensure that all such authorized persons shall refrain from any disclosure, use, duplication, or reproduction prohibited by this Section 2. Except as expressly set forth in this Agreement, Licensee shall not, directly or indirectly, use, disclose, distribute, duplicate, or otherwise reproduce the Proprietary Information, in whole or in part. Licensee agrees not to remove any copyright notice or other proprietary markings from the Proprietary Information or any copies thereof.
c. Licensee shall have no obligation to preserve the proprietary nature of only that portion of the Software AG's Proprietary Information that is or becomes generally available to the public by other than unauthorized disclosure. In the event Licensee is required to disclose Proprietary Information by law or by any governmental agency having jurisdiction pursuant to an order to produce, or in the course of a legal proceeding pursuant to a lawful request for discovery, Licensee may disclose only that portion of the Proprietary Information that it is legally required to disclose; provided Licensee promptly notifies Software AG and reasonably cooperates with Software AG if Software AG's elects, at its expense, to seek to limit or avoid such disclosure by any lawful means and Licensee takes all reasonable and necessary actions to protect the confidentiality of the Proprietary Information disclosed.
d. Licensee agrees not to challenge, directly or indirectly, the right, title, and interest of Software AG in and to the Software or any other Proprietary Information, or any Intellectual Property Rights therein, nor the validity or enforceability of Software AG's rights under applicable law. Licensee agrees not to, directly or indirectly, register, apply for registration,

or attempt to acquire any legal protection for the Software or any other
Proprietary Information, or any Intellectual Proprietary Rights therein,
or to take any other action which may adversely affect Software AG's rights,
title, or interest in or to the Software or any other Proprietary Information
in any jurisdiction.
e. Licensee agrees to notify Software AG immediately and in writing of all
circumstances surrounding the unauthorized possession or use of the Software
or any other Proprietary Information by any person or entity. Licensee agrees
to cooperate fully with Software AG in any litigation relating to or arising
from such unauthorized possession or use.
f. Licensee acknowledge that the Proprietary Information is unique and
that Licensee's failure to comply with the provisions of this Section 2 may
result in irreparable harm to Software AG and, in the event of the breach
or threatened breach by Licensee of its obligations under this Section 2,
Software AG shall be entitled to equitable relief in the form of specific
performance and/or an injunction for any such actual or threatened breach,
in addition to the exercise of any other remedies at law and in equity.
g. Software AG reserves all rights regarding the Software and all other
Proprietary Information owned or licensed by Software AG to the extent such
rights are not expressly granted to Licensee in this Agreement.

TERM AND TERMINATION
Subject to Licensee's strict compliance with the terms and conditions of this
Agreement, the term of this Agreement ("Term") shall be coincident with the
term of the license granted to the sponsoring company for the Software AG
webMethods solution. This Agreement shall remain in effect until the Term
expires or is terminated or this Agreement is otherwise terminated by Software
AG for Licensee's breach of any of the provisions of this Agreement. Upon the
termination or expiration of this Agreement for any reason, all license rights
granted under this Agreement shall immediately cease to exist and Licensee
shall immediately discontinue all use of the Software and shall, within ten
(10) days after the expiration or termination, certify in writing to Software
AG that the Software and Documentation and all copies and related materials in
the possession of Licensee have been removed from its system and destroyed.
Notwithstanding any other provision of this Agreement, all of Licensee's
obligations under this Agreement shall continue perpetually and irrevocably.

SUPPORT AND MAINTENANCE
Software AG, in its sole discretion, may provide (and subsequently cease
providing) Licensee with limited support and maintenance services for
the Software. Notwithstanding any decision by Software AG to exercise
its discretion in providing Licensee with such services, in no event shall
Licensee be deemed entitled to any support or maintenance or other similar
services from Software AG, including but not limited to any fixes, updates,
or new releases of the Software.

DISCLAIMER OF WARRANTIES
ALL SOFTWARE, DOCUMENTATION, INFORMATION, MATERIALS AND/OR SERVICES PROVIDED

FAULTS." SOFTWARE AG DOES NOT WARRANT THAT SOFTWARE WILL OPERATE UNINTERRUPTED
OR ERROR FREE, THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL FUNCTION
WITH OTHER SOFTWARE, HARDWARE, OR WITHIN A SYSTEM, OR THAT THE SOFTWARE,
DOCUMENTATION, INFORMATION, MATERIALS AND/OR SERVICES PROVIDED PURSUANT TO
THIS AGREEMENT WILL FULFILL ANY OF LICENSEE'S PARTICULAR PURPOSES OR NEEDS.
WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, SOFTWARE AG SPECIFICALLY
DISCLAIMS ALL WARRANTIES, EXPRESS, STATUTORY, AND IMPLIED, INCLUDING,
BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF ACCURACY, QUIET ENJOYMENT,
NON-INFRINGEMENT, MERCHANTABILITY, AND FITNESS FOR A PARTICULAR PURPOSE.

LIMITATIONS OF LIABILITY
NEITHER SOFTWARE AG NOR ANY OF ITS SUPPLIERS SHALL BE LIABLE TO LICENSEE OR ANY
OTHER PARTY FOR ANY LOSS OR DAMAGE THAT ARISES IN CONNECTION WITH LICENSEE'S
USE OF THE SOFTWARE OR THAT OTHERWISE ARISES FROM OR RELATES IN ANY WAY TO
THIS AGREEMENT, INCLUDING, BUT NOT LIMITED TO, ANY MONETARY DAMAGES OR ANY

DIRECT, INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES,
REGARDLESS OF THE FORM OF ACTION ALLEGED, EVEN IF ADVISED OF THE POSSIBILITY
OF SUCH DAMAGES. IN NO EVENT SHALL LICENSEE BE ENTITLED TO OBTAIN SPECIFIC
PERFORMANCE IN CONNECTION WITH THIS AGREEMENT. Licensee acknowledges that
the limitations of liability and the disclaimer of warranties set forth in
this Agreement constitute a fundamental basis of this Agreement and form the
primary consideration between the parties and that Software AG would not have
entered into this Agreement nor provided Licensee with access to the Software
without such limitations of liability and the disclaimer of warranties.

MISCELLANEOUS
Assignment. Licensee may not assign or transfer this Agreement, or any rights
or obligations hereunder (including the license rights), or the Software,
in whole or part, whether by operation of law, change of control, or in any
other manner. Any assignment or attempted assignment in violation of the
foregoing shall be null and void. Software AG may assign any or all of its
rights and obligations under this Agreement.
Audit. Licensee will reasonably cooperate with Software AG and provide
Software AG with reasonable access to Licensee's information, facilities,
and systems to enable Software AG to ensure Licensee's compliance with the
terms of this Agreement.
Export. The Licensee may not download or otherwise export or re-export any
underlying software, technology or other information from the Products except
as stated explicitly in this notice or the Commercial License Agreement and in
full compliance with all applicable national and international laws and
regulations. You agree to indemnify and hold harmless and defend Software AG
against any and all liability arising from or relating to your breach of these
export control undertakings. Software AG reserves the right not to honor any
affected parts of this notice, or the Commercial License Agreement, in case
any national or international export regulations or foreign trade legislation,
or any target country / customer / usage restrictions implied by embargos or
other sanctions prohibit the provision of export controlled goods
(Dual-Use items) and services to be granted to you under either this notice
or the Commercial License Agreement. Software AG may inform you if a related
official export approval by national or international export control
authorities is required. Provision of affected Products will then be postponed
until all such required approvals have been granted. The provision of Products
not restricted by the above mentioned export prohibitions will remain unaffected
of this restriction.
Jurisdiction. This Agreement will be governed by and construed in accordance
with the substantive laws in force: (a) in the Commonwealth of Virginia,
if a license to the Software is obtained when Licensee is in the United
States, Canada, Mexico, or any other country not described in subsections
(b) and (c) below; (b) in Japan, if a license to the Software is obtained
when Licensee is in Japan, China, Korea, or other southeast Asian country
where the official languages are written in either an ideographic script
(e.g., hanzi, kanji, or hanja) and/or other script based upon or similar
in structure to an ideographic script (e.g., hangul or kana); or (c) the
United Kingdom, if a license to the Software is obtained when Licensee is
in any European Union country. This Agreement will not be governed by the
conflict of law rules of any jurisdiction or the United Nations Convention
on Contracts for the International Sale of Goods, the application of which
are expressly excluded.
Severability. If any provision of this Agreement is determined by a court
of competent jurisdiction to be or becomes unenforceable or illegal, such
provision shall be adjusted to the minimum extent necessary to cure such
unenforceability or illegality and the remainder of this Agreement shall
remain in effect in accordance with its terms as modified by such adjustment.
U.S. Government Procurement. If the Software is being acquired by or
on behalf of the U.S. Government by a U.S. Government prime contractor
or subcontractor (at any tier), then the U.S. Government's rights in the
Software and accompanying Documentation will be only as set forth in this
Agreement; this is in accordance with 48 CFR 227.7201 through 227.7202-4
(for Department of Defense ("DOD") acquisitions) and with 48 CFR 2.101 and

12.212 (for non-DOD acquisitions).
Waiver. No waiver or retraction of a waiver under this Agreement shall be
valid or binding unless set forth in writing and executed by a duly authorized
representative of the party against whom such waiver is sought. The failure
of either party to exercise any right granted herein, or to require the
performance by the other party of any obligation set forth herein, or the
waiver by either party of any breach of this Agreement, will not prevent a
subsequent exercise or enforcement of such provisions or be deemed a waiver
of any subsequent breach of the same or any other provision of this Agreement.
Integration. This Agreement constitutes the entire agreement between
the parties regarding the subject hereof and supersedes all prior and
all contemporaneous agreements, understandings, marketing materials, and
communications, whether written or oral. Any modification or amendment of

of the duly authorized representative of each party. Neither the course of
conduct between the parties nor trade usage will act to modify this Agreement.
